

CARPET AND RUG PADDING DISPOSAL

MCSWC ONLY accepts small carpets and padding no larger than 4 feet wide x 6 feet long in the construction debris compactor. **Carpet and Padding for large areas MUST BE CUT into smaller pieces (4'x6') for disposal in the compactor.** Rolls of cut carpet or padding are placed in the compactor area and should not be more than 5-6 feet in length. Please pay attention to how wide the carpet/padding roll so that they remain easily handled by operator. **DO NOT** – Roll Carpet and Padding Together

Information on LARGE carpet disposal:

MCSWC will accept large carpets or padding rolls that are **larger than 4'x6'** up to 12' in length in the landfill area transfer station roll-off bin. Single carpets or padding greater than 12' in length **MUST BE CUT into smaller pieces** (at minimum – in half). In addition, please pay attention to how wide the carpet/padding roll so that they remain easily handled by operator or machinery. **DO NOT** – Roll Carpet and Padding Together
